# The Pioneer

*Erwin Hymer* (\* 27 July 1930 † 11 April 2013), a leading figure of the European caravan and motorhome sector

## Inventor, visionary, entrepreneur

*When he founded the Erwin Hymer Group, Erwin Hymer not only established a highly successful group of companies but also revolutionised camping in general.*

Technical know-how, the pioneering spirit of the entrepreneur and a healthy dose of ambition and hard work – all of these were typical of Erwin Hymer. From humble beginnings, our company's founder, who passed away in April 2013, created a group of companies which now ranks among the leading motorhome and caravan manufacturers in Europe and is active worldwide.

As a young engineer, Erwin Hymer followed his parents' calling, and began working in his father Alfons' repair shop in the southern German town of Bad Waldsee in 1956. Just one year later, he developed the first caravan – the original "Troll" – in collaboration with the engineer Erich Bachem. And thus began a new era! The next decisive step came in 1971 with the launch of the first HYMER motorhome – a key milestone in our long corporate history!

For over 60 years, the EHG has produced a range of different series, models and layouts. Many of its motorhomes and caravans have set standards and ushered in new trends – especially in terms of technology, comfort and design, as well as quality and safety. For our founder Erwin Hymer, incorporating customers' wishes into the development of new and improved vehicles was always a matter of principle.

For decades, Erwin Hymer's inventiveness and ceaseless creativity has shaped the entire industry. His whole life's work provides us with a model for future corporate decisions.

As a result, the concept of motorhoming has always been inseparably linked with the name HYMER. The passion and professionalism that goes into the development and construction of our vehicles is appreciated by our customers. We at HYMER are not only proud of over 60 years of company history, but also of our employees, who devote their energy and ideas on a daily basis to making "travel in the original" possible.

# A unique success story

*The history of the HYMER motorhome.*

The development of the integrated Hypermobil at the beginning of the 70s ushered in a new era in the history of mobile homes. The year 2014 saw the production of the 150,000th HYMER motorhome. From the legendary B-Class or the luxurious S-Class to the lightweights of the Exsis series or the

colourful variety of semi-integrated models – many vehicles from these model series have been crowned with major awards over the years. This chronicle sketches the key stages in the remarkable success story of the Hypermobil.

1923

Alfons Hymer begins production of agricultural vehicles.

1957

Erich Bachem ("ERIBA") and Erwin Hymer build the original "Troll", the first caravan.

1961

The first hand-built HYMER motorhome, the Caravano, makes its debut.

1971

The first Hypermobil is built and presented at the Caravan Salon.

1976

The Hypermobil 521 with pull-down double bed in the cab becomes a bestseller.

1978

The innovative PUAL body shell is developed and proves its stability.

1981

The HYMER B-Class is introduced and over the following years becomes one of Europe's most popular motorhomes.

1986

HYMER becomes the first manufacturer to grant a 6-year water ingress warranty on its motorhomes.

1995

HYMER presents the new S-Class and becomes the first company in the industry to be certified according to ISO 9001 on the strength of its high product quality.

2004

In October, the 100,000th Hymer motorhome rolls off the production line in Bad Waldsee.

2007

HYMER's 50th anniversary is honoured with an anniversary edition of the B-Class SL in gold.

2011

Opening of the Erwin Hymer Museum opposite the company headquarters in Bad Waldsee.

2012

Lightweight design from Bad Waldsee – HYMER puts its stamp on the 3-ton class and once again sets new standards within the industry.

2014

Europe's leading manufacturer produces the 150,000th HYMER motorhome.

2015

A further milestone: the Hypermobil ML-I – an integrated motorhome on a Mercedes-Benz chassis weighing less than 3.5 tons.

2016

A new era begins with the Hypermobil B-Class DynamicLine, offering superlative comfort despite weighing less than 3 tons.

2017

60 years on the move: HYMER celebrates its anniversary.

2018

Hypermobil B-Class Modern-Comfort – the world's first motorhome with a new Mercedes-Benz Sprinter chassis and internally developed SuperLight chassis.

Visit the Erwin Hymer Museum and discover the world of motorhoming and the greatest routes of all time. [www.erwin-hymer-museum.de](http://www.erwin-hymer-museum.de)

# Optimal safety when on the move

*HYMER body shell design.*

*PUAL body shell*

The foundations for the unique outer shells made by HYMER were laid back in 1978 when closed-cell polyurethane foam was extruded between an aluminium outer shell and an interior, high-grade plywood panel for the very first time. The highly efficient PUAL design has its origins in the aviation industry and is made possible by a special two-component adhesive. In conjunction with special materials and composites, it withstands extreme loads, increases the service life of the structure and minimises road noise. The so-called “adhesive edge”, which connects together all of the main parts of the vehicle, is a crucial component. It acts like a shock absorber and counteracts all the centrifugal and torsional forces that occur while driving.

*GRP roof and underbody*

HYMER's innovative multi-layer technology has been designed to ensure nothing “spoils” your journey. The GRP roof coating offers optimal protection against hail damage, while an additional aluminium layer ensures the vehicle's leak-tightness for many years to come. This also applies to the robust GRP lightweight floor, which reliably protects the vehicle against stone chips, road salt and dirt.

*GRP garage casing*

To ensure nothing essential gets left behind, the self-supporting GRP garage casing can carry up to 350 kg as standard and offers generous storage space. The maximum payload can be optionally increased to 450 kg. In addition, integrated heating loops in the garage floor ensure your luggage is well protected from the cold.

*Attachment parts (“Perfect Close” technology)*

All attachment parts, such as wheel arches and rear light mouldings, are made of 3D cross-linked polyurethane. The benefits include increased durability as well as protection against cracking, UV radiation and many other weather-related effects.

*Fresh and waste water tanks*

All tanks are heated and insulated – this ensures trouble-free operation even in extreme winter temperatures. Numerous tests in the cold chamber have verified the system's outstanding warm-up and heating performance.

*Framed windows*

The modern, high-quality framed windows are fitted with acrylic double glazing for optimal thermal insulation. The aluminium frame is lightweight and sturdy and has an insulating layer to protect against thermal bridging. The windows are also fitted with a pleated blackout blind and mosquito netting.

*Airbags*

Your safety is our top priority. That's why airbags on both the driver and passenger sides are included as standard on all HYMER motorhomes.

Note: some of the equipment shown is optional and depends on the model range/layout.

# Move into the fast lane with HYMER HY-Tec

*Innovative technologies from HYMER – for every destination.*

*HYMER multimedia*

Whether on the move or stationary, you will always enjoy a clear and rich sound throughout your HYMER motorhome – and not just from the loudspeakers of your TV. This is made possible by special integrated speakers in the vehicle's living area and rear section, which meet all acoustic requirements.

*Reversing and service camera*

Our optional reversing cameras are equipped with a dual lens and include an integrated rear-view mirror function. An additional service camera for greywater disposal with integrated LEDs ensures good visibility, even at night.

*HYMER SMART Control*

With the new HYMER SMART Control, your motorhome's main peripheral devices are connected to the navigation system's control unit. The result is an intelligent on-board system that keeps you up-to-date with important data at all times. This includes, for example, the fill levels of the tanks and the voltage of the batteries as well as the 230 V mains connection.

*HYMER energy management system*

Our system combines the latest LED technology with an intelligent energy management system, which detects how much power the vehicle is currently using and automatically switches to the optimal power source. This reduces your power consumption by up to 75%, which also extends the life of the batteries.

*Hot air curtain*

Your motorhome's dashboard is also supplied with hot air when the vehicle is parked up for camping. This prevents draughts and misting of the windscreen.

*HYMER comfort sleeping system*

Multi-zone cold foam mattresses offer many advantages when it comes to ensuring a comfortable night's sleep. The HYMER comfort sleeping system includes a high-quality sprung mattress to ensure precise counter-pressure for every part of your body, helping to ensure a pleasant and restful sleep.

*Drawers*

All your utensils (up to a total weight of 15 kg) can be stowed safely and within easy reach in the extra-wide, freely divisible kitchen drawers. This is equivalent to the current standard found in premium home kitchens. The drawers also feature handy servo soft-touch closing mechanisms.

*HYMER Smart Battery System*

A novel combination of the strong performance of lithium batteries with the low cost of common lead batteries brings many benefits. The system stores energy in both types of batteries and intelligently controls the charging status. This provides superior performance and a significant increase in the vehicle's self-sufficiency. In the long run, this results in lower operating costs and extends the life of the entire system.

# Clever design meets premium quality

*Modern solutions from HYMER.*

## *LED daytime running light*

The headlights incorporating LED daytime running lights generate 40% more luminescence for improved passive safety by day. Aside from their striking design, the LED lights last longer than traditional bulbs and ensure reduced fuel consumption as they require less power.

## *Light*

The long-lasting and energy-saving LED lights provide different colours and lighting moods for significantly enhanced comfort inside your vehicle. Our innovative concept of enhanced ambient lighting and focused illumination gives you the freedom to put specific areas of your motorhome under the spotlight.

## *Furniture finish*

Let yourself be enchanted by our elegant furniture concepts inspired by contemporary hotel suites and luxury apartments – even when on the move. Every HYMER motorhome is characterised by an elegant furniture concept and genuine, high-quality materials. For example, the overhead lockers offer a generous amount of storage space, while the inviting bathroom stands out thanks to a large shower and modern washbasin.

## *Upholstery materials*

The fabric variants that are fitted as standard underline the premium ambience in every HYMER motorhome. All of our upholstery is manufactured on site in Bad Waldsee, and with a focus on achieving the highest possible quality. Exclusive leather combinations are also optionally available.

## *Outstanding design quality*

The high-quality design that is a hallmark of HYMER has been honoured with awards on numerous occasions – and twice in 2018 alone: the Exsis-i was awarded the German Design Award in the “Exterior Design” category, while the B-Class SupremeLine scooped the Red Dot Design Award in the “Interior Design” category.

## *Premium quality fabrics*

In your HYMER you will discover the world’s largest selection of high-quality fabric combinations. We source most of our upholstery materials and imitation leather from renowned German manufacturers and established European weaving mills – for example, our leather comes from an Italian HYMER partner.

All materials are processed by 30 sewing experts at our in-house sewing shop in Bad Waldsee. For a fabric to be fitted in a HYMER leisure vehicle, it must not only impress in terms of design, but must also satisfy numerous quality standards – such as the 18 DIN ISO test standards, as well as passing the appropriate finish tests.

Take a closer look, and you will see that the structure of our fabrics is especially impressive. Their tight weave makes them highly durable and able to withstand all kinds of stresses. Thanks to the additional lotus effect, liquids simply flow off the surface and can be easily dabbed away.

The fabric and leather variants exhibit above-average light and colour fastness values to cope with the high levels of solar radiation. They are also coated with a stain protector and are thus extremely hard-wearing and easy to clean. Further tests for rubbing fastness as well as abrasion and tear resistance are standard at HYMER and guarantee the highest quality – which is why HYMER also offers a 10-year replacement parts warranty on its own fabrics.

## *Unique surface quality*

The finished surfaces in every HYMER are made from premium quality materials that are easy to keep clean and impervious to external influences. They are the result of a sophisticated design process that includes a high degree of innovation. This guarantees no rattling or squeaking and no scratches or paint defects on surfaces. In addition, care is taken throughout the interior to ensure uniform panel gaps and perfect workmanship on all components.

## *Meticulous testing procedure*

Your HYMER is tested not once, but multiple times! When a new HYMER rolls off the production line, it is really put through its paces. The testing is based on the DIN catalogue in accordance with the ISO standards that every vehicle and caravan is required to meet. HYMER has also developed a number of internal test procedures over the years, which help guarantee the high level of quality that is unique to our company. These include noise tests, vibration tracks, cold chamber tests, shower tests, cooker tests, as well as inspection of the storage space doors and the tightness of the various assemblies. At the end, there must be a tick next to each individual point before the model gets the green light for series production.

# “Ambition” class

*Luxurious home comforts  
for when you're on the road.*

New materials, exquisite colours and state-of-the-art technology all make up the unique “Ambition” ambience on every trip. The practical home comforts in particular make it a joy to spend time in your HYMER motorhome and ensure a high degree of independence and driving pleasure.

## **T-Class GL – The modern one**

- + Available under 3.5 t
- + Modern new interior
- + Optionally available with fold-down bed

## **T-Class CL – The classic one**

- + Headroom 2.12 m
- + Spacious interior design concept
- + Optionally available with fold-down bed

## **T-Class SL – The stylish one**

- + Double floor
- + Level living area floor
- + AL-KO frame

## **B-Class CL – The all-rounder**

- + Superior comfort
- + Modern interior
- + Entry-level model for the integrated range

# Jam-packed with technology

*Perfectly equipped as standard.*

The "Ambition" edition models will not only turn heads wherever you go, when it comes to technology, they're also jam-packed with a wide range of top-quality standard equipment. Aside from air conditioning and alloy rims, this also includes special style packages, which make the unique travel companion complete. With this marvel of engineering you'll experience a new level of travel freedom on every trip.

- 1 Automatic air conditioning
- 2 Cruise control
- 3 16" alloy rims
- 4 Leather steering wheel and gear lever knob
- 5 Style package exterior (glossy black radiator grille, door handles in body colour, glossy black skid-plate, LED daytime running light (only for semi-integrated vehicles))
- 6 Spoiler painted in body colour (only for semi-integrated vehicles)
- + Style package interior (dashboard with aluminium-coloured trim and chrome rings)

# Hit the road and have a great time

*A luxurious experience like no other.*

Something special is always created whenever first-rate interior design is combined with the highest levels of functionality. The luxurious home comforts that come as standard in all "Ambition" models are part of this. From the cosy L-shaped seating area to the ambient lighting – it's the countless small details that make travelling in these edition models such an enjoyable experience.

- 7 Ambient lighting
- 8 L-shaped seating area with bed conversion
- 9 L-shaped seating area
- 10 Additional sockets
- + Mosquito net blind on entrance door
- + Wooden panel grating in shower

# Home from home

*Quality modern interiors for the discerning customer.*

**Bright and cosy.**  
The L-shaped seating area with swivel table in the T 704 SL radiates an atmosphere of cosiness thanks to the standard Palatino Apple furniture finish.

**Optimally equipped.**  
The kitchen – shown here in the Palatino Apple furniture finish – boasts a 142-litre Smart-Tower refrigerator as standard and offers plenty of storage space for cooking utensils and groceries. Furthermore, the pull-down storage compartment over the kitchen sink is not only highly practical, but also ideal for housing additional kitchen appliances.

**Cosy and welcoming.**  
The comfy single beds in the rear of the T 588 SL always look fresh and inviting with their Palatino Apple furniture finish.

**Clear organisation.**  
The bathroom of the T 704 SL is very clearly structured with a separate shower, an adjoining floor-to-ceiling wardrobe and an opposing bathroom and toilet area, as well as a dressing area in-between – shown here in the Trentino Pear Wood furniture finish.

# A dream home for any destination

*Comfort and quality with a special ambience.*

**Versatile bathroom.**  
The attractive bathroom in the B 698 CL and B 678 CL can be separated off completely from the living area. Both the bathroom/toilet and shower area can also be used separately.

**Comfortable queen-size bed.**  
The exquisite queen-size bed is pictured here in the stylish Chiavenna Walnut furniture finish, adjusted to the reading position with raised bed head. The handy shelves at the side, the 2 spacious wardrobes, the overhead lockers and the large storage compartment underneath the queen-size bed provide plenty of storage space, leaving nothing to be desired.

**Home from home.**  
The living area in the B 698 CL is very generously dimensioned and radiates an inviting atmosphere thanks to the Chiavenna Walnut furniture finish and Cusco fabric combination.

**Cooking has never been so much fun!**  
The B 698 CL and B 678 CL have a well-planned and spacious corner kitchen with a low-level worktop, pull-out drawers with Servo soft-touch closing mechanisms, a half-height larder unit and acrylic splashbacks as standard.

Whatever happens, you can count on us to keep you moving – throughout Europe and the Mediterranean. You benefit from our comprehensive benefits package and our 24-hour service.

### Roadside assistance benefits:

- Breakdown assistance
- Vehicle recovery
- Additional expenses/taxi
- Replacement vehicle
- Getting home or continuing your journey
- Hotel accommodation
- Returning your vehicle
- Cash advance
- Information service

Further details on our roadside assistance guarantee can be found in your warranty documentation.

## Travel safely:

You've found your dream leisure vehicle, and we want you to enjoy it! We are one of the first in our industry to offer an extended warranty for up to 3 years, so that you can continue to travel safely and with the same peace of mind even after the initial warranty period has expired. In the event of any claims, our partner Europ Assistance will guarantee a top-level, unbureaucratic service and cover any costs as outlined in the warranty conditions.

### Warranty benefits:

- ✓ Flexible and long-term warranty
- ✓ Guaranteed protection against unexpected repair costs
- ✓ Up to 3 years extended warranty on all major components of your motorhome, camper van or caravan, including bodywork
- ✓ Europe-wide coverage around the clock
- ✓ Consistent quality standards at our certified partner garages
- ✓ Increased value of your leisure vehicle
- ✓ Professional and rapid claim management
- ✓ Roadside assistance guarantee for motorhomes and camper vans

# HYMER Original Parts & Accessories

*A perfect match.*

Discover our wide range of innovative solutions that are available in the categories interior, exterior, chassis system, travel and transportation. With HYMER Original Accessories, you can rest assured you've made the right choice: a perfect fit, impeccable workmanship and original quality. HYMER Original Parts & Accessories are not available direct from the factory, but are ordered and retrofitted exclusively via your HYMER dealer. You can find the full range of HYMER Original Parts & Accessories online at <https://www.hymer-original-zubehoer.com/en>

*Don't forget your bike!*

Exclusive bicycle rack system for the HYMER rear garage. Takes just seconds to install. Probably the smallest and lightest bicycle rack in the motorhome sector, it offers the same security as conventional models without needing a support rail.

*Windscreen cover*

Cover made from ultra-light, weather-resistant PVC-coated mesh fabric for sun protection and privacy. Fits perfectly and looks great.

*All aboard ...*

The flexible storage space system developed exclusively for HYMER keeps the rear garage well organised and saves you the hassle of climbing inside when loading and unloading.

*Rear vision*

The integrated dual camera in the third brake light combines optimal design with excellent visibility directly behind the vehicle and into the distance – and all without additional holes in the rear wall.

*Well covered*

You can tell an original HYMER seat cover thanks to its optimal fit. The machine-washable covers include a pocket at the back and are available in beige and graphite.

*A perfect fit*

Custom-made high-quality cab carpet made of polypropylene tufted velour with edging in a nubuck design. Embellished with the Original HYMER logo.

*The HYMER E-Bike*

The HYMER E-Bike by FLYER gives you even more mobility while on holiday. Based on the Flogo model with a conveniently low, easy-mount frame and 250-W Panasonic motor, the e-bike fits easily into the rear garage thanks to its compact size and smart handlebar and pedal folding mechanisms. You'll be impressed by its high-quality craftsmanship and excellent handling, not to mention the generous warranty, e.g. 10 years for the frame.

*Storage space*

The extendable loading box is mounted in the integrated floor storage compartment. This allows objects to be conveniently removed and also enables access from the vehicle's interior. Fits some B-Class Supreme-Line and B Modern Comfort vehicles – in different widths depending on the model.

*Rest assured*

The specially designed HYMER safe for the passenger door of your Fiat Ducato vehicle has enough space for the most important valuables that are essential when on the road.

*Peace of mind for a more peaceful sleep*

Sleep safe and sound thanks to the innovative anti-burglary system. This alarm system has been developed to minimise the likelihood of a break-in and, in an emergency, to wake the occupants so that they can draw attention to themselves.

*Self-sufficiency par excellence*

The HYMER Smart Battery System gives you the advantages of two battery technologies (AGM + LI) and consequently extends your self-sufficiency from an average of 1.5 days to 5.5 days, while also increasing the life of your battery from 3 to 10 years.

*Multimedia package*

Perfectly matched retrofit package consisting of the Zenec 3756 (including exclusive benefit of FreeOnTour integration for easy route synchronisation) and the new dual reversing camera integrated into the third brake light. Includes a radio switch to operate the system without starting the engine.

# At your side, all over the world

*HYMER dealer and service network.*

From Denmark to New Zealand – for anyone with an interest in HYMER vehicles there is always an expert partner nearby to help you fulfil your motorhoming dreams. Our numerous international dealers are waiting to welcome you to the world of HYMER vehicles and caravans – all around the globe.

In Europe, you will find a particularly dense network of dealers and service providers.

This makes it easy to get a first impression of the various models and arrange a test drive. Naturally, you can also hire or purchase your dream vehicle and register for the included mobility warranty. Are you looking for innovative solutions in the area of HYMER Original Parts & Accessories? Once again, your local HYMER dealer will be happy to assist you. We look forward to your visit!

You can find your nearest dealer online:

# Ensuring you reach every destination

*HYMER Original Parts & Accessories.*

We want our customers to enjoy their HYMER motorhome for the entire life of the vehicle. For this reason, in 2012 we introduced a concept that was a real industry first: a close-knit supply network called HYMER Original Parts & Accessories. In other words, we established a unique type of customer service that is available for all model ranges at any time and without any complications – and is still going strong today.

The benefits for our customers are impressive to say the least. For example, you can obtain spare parts for your vehicle within 24 hours, and our supply guarantee gives you 10 years of absolute peace of mind when it comes to quickly sourcing parts to maintain vehicle operability. Are you a new customer? Then simply relax in the knowledge that you are fully covered from day one thanks to our extended warranty for new vehicles.

The figures speak for themselves:

**24–48**

Delivery time in hours throughout Europe

**50–100**

Average distance in km to the nearest HYMER dealer

**300**

Number of HYMER service partners and dealers worldwide

**10,000**

Area of HYMER warehouse in m<sup>2</sup>

**45,000**

Number of different spare parts available in warehouse

**210,000**

Deliveries per year

## Note

---

This brochure describes the series status at the time of publication. Despite careful checking of the contents, misprints cannot be ruled out. We reserve the right to modify the equipment or make product improvements during the course of the model year. Before signing a sales contract, please ask one of our authorised HYMER dealers about the current product and series status.

Some vehicles are shown with optional extras which are quoted in the current price list and available at extra cost. The decoration shown is not supplied by HYMER. The details of scope of delivery, appearance, performance, dimensions and weights are valid at the time of going to press – deviations within the factory tolerance limits (max. +/- 5%) are possible and permissible.

This data complies with European homologation regulations, which may change up to the time of vehicle purchase or delivery. Your HYMER dealer will gladly provide you with information on any changes and the standard scope of delivery.
