- 1) General note on permitted persons: With the installation of factory chassis options, optional equipment and packages, the permitted number of passen- gers can be reduced or a load uprating may be needed (see optional extras). Homologation of more than 4 persons only in conjunction with the safety pack (Overcab) or the optional 5th seat (Semi-Integrated / Integrated).
- 2) The “mass in running order” (MRO) is defined by VO (EU) 1230 / 2012. It refers to the basic version including basic equipment (75 kg for driver, filled fuel tank, filled water tank in driving position, gas filled in an aluminum bottle (15 kg) and electrical connection cable (4 kg)).
- 3) Capacity of fresh water tank within the Regulation VO (EU) 1230/2012, taking into account the limitation valve on the fresh water tank (20 litres) is open. The technically permissible total mass and the permissible axle loads must not to be exceeded.

- 4) For low-profile models.
- 5) For T 69L, I 69L.
- 6) For T 68, I 68, T 67S, I67S.
- 7) for Integrated models
- 8) The water ingress warranty conditions of Sunlight GmbH apply.
- 9) For T 68, T 69L, I 68, I 69L.
- 10) For T 67S, I67S.
- 11) Only in conjunction with multifunction steering wheel.
- 12) Not in conjunction with full LED headlights.
- 13) When ordering the option „5th seat on side bench with safety belt“, the interi- or storage space flap is not applicable.
- 14) If the 9-speed automatic transmission option is selected, the additional weight of the selected engine or chassis variant is already included. Accord- ingly, the additional weights of the engine and chassis variants do not have to be taken into account.

General information

The »mass in running order« (MRO) is defined by VO (EU) 1230/2012. It refers to the basic version including basic equipment (75 kg for driver, filled fuel tank, filled water tank in driving position with 20 liters, gas in an aluminum bottle to 100 % and electrical connection cable). The »mass in running order« as well as the possible payload and the number of passengers may change due to different motorization or equipment version and by the installation of special equipment. Deviations within the scope of the factory tolerances (+/- 5 %) are possible and permissible. If you order your vehicle with additional equipment and / or travel with several people, you should check whether it makes sense to increase the weight of the vehicle. The information regarding delivery, appearance, performance, dimensions and

weight of the vehicles correspond to the existing knowledge at the date of printing and to the European homologation regulations. These may change by the time the vehicle is purchased or delivered. Price list Sunlight motorhomes version 11/2021, prices valid from 01.11.2021. With the issue of this price list all previous price lists are no longer valid. Throughout Europe there might be different Euro prices. Depending on the country specifications in standard equipment, VAT or luxury tax. Copyright: Sunlight GmbH. Errors and printing mistakes on prices and technical data are reserved. Subject to technical changes. Some of the images in this Sunlight catalogue may show alternative designs or optional equipment that may incur additional costs. Actual colour may differ due to printing.
